**6 Berth Towable Gas Shower**

## Delivery & Planning

**Planning and on-site servicing ensures that you can focus on your project, confident in the knowledge that you've got the essentials covered. Our experienced team will work with you throughout the planning and delivery to breakdown the stages of your project and make sure it's a success. We will work with you to provide optimum positioning of units, ensuring suitable access with minimum impact to your site. We will also clean up and remove our facilities, returning the site to normal.**

# Ancillary & Servicing

Where mains water and sewage connection are not available, Scotloo can provide clean water tanks, pressure pumps and waste holding tanks. We have a fleet of vacuum pump trucks to service our own toilets and also offer this service to non-hire customers.

**Waste Holding Tank**

Waste holding tanks, from 300-1,500 gallon, size dependent on site requirements and toilet configuration

**Water Storage Tank**

250 gallon water storage tanks, for use with toilet units.  
Replenishment/top-up service available

**Electric Pressure Pump**

Electric pressure pump, for use with toilet and shower units

## Support Services For Your Site

Our experienced team provide scheduled or ad-hoc emptying and cleaning services, including liquid waste removal, toilet tank cleaning and refilling the fresh water tank. With our high service standards you can rest easy knowing your equipment is looked after.

If you have a larger welfare unit with 100 - 300 gallon tanks, we can provide a weekly empty of the waste tank. We will service your welfare unit in a efficient and mindful way, to insure minimal impact to your site, the people and machinery working alongside.

*"Scotloo have provided us with our welfare facilities for several years now. The quality of the units are always at a high standard. They visit us regualry to for waste management and the service provided is faultless."*

Mark Wilkie  
Campion Homes

# Water & Waste Management

**We operate our own private waste water treatment plant, fully regulated by SEPA and Scottish Water. This ensures waste is treated in a secure and environmentally responsible manner.**

**Our fleet of liquid waste management vehicles operate regularly and flexibly on well established routes throughout Perthshire, Tayside, Angus, Aberdeenshire, Fife, Lothians and Central Belt. Our experienced operators can empty tanks where hard standing ground and distance to tank allows.**

**We provide domestic customers an annual reminder service and a range of tank emptying contract options, with affordable monthly payments.**

- **Septic Tanks**
- **Interceptors**
- **Greasetraps / Grease Waste**
- **Water Management**
- **Oil Waste**
- **Commercial & Domestic**
